WASHINGTON, D.C.

ORDER NO. 3167

IN THE MATTER OF:

Served May 12, 1988

Application of INTERNATIONAL)
LIMOUSINE SERVICE, INC., for)
Approval of Tariff)
)

Case No. AP-88-14

By application filed May 2, 1988, International Limousine Service, Inc. ("ILS" or "applicant"), seeks approval of a tariff covering charter operations pursuant to a written agreement with the Washington Hospital Center Corporation ("the Hospital"). The agreement calls for (1) a shuttle service between the Brookland Metro Station and the main lobby of the Hospital at a daily rate of \$596.50, and (2) a shuttle service between the Hospital's satellite parking facility and the main hospital, the Physicians Office Building, and the East Building at a daily rate of \$203.50.

Along with the application, ILS submitted a balance sheet as of December 31, 1987, and an operating statement for the calendar year 1987, as well as supporting schedules. In addition, applicant has provided a projected statement of revenues and expenses for calendar year 1988, showing the incremental revenues, expenses, and profit anticipated from the proposed new service.

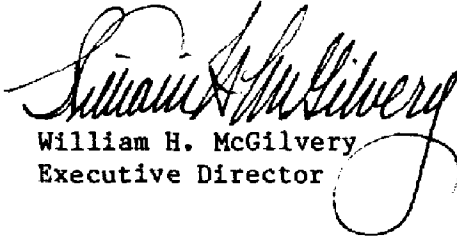

Finally, applicant has submitted a motion requesting that the tariff be permitted to become effective on less than 30 days notice in accordance with the Compact, Title II, Article XII, Section 5(e).

The Metro shuttle portion of the proposed service was previously provided by ILS pursuant to WMATC Special Authorization No. SP-38-07 which expired April 19, 1988. That authorization limited the transportation to employees of the Hospital, and the service was therefore eligible for consideration under Commission Regulation No. 70. The agreement here at issue is not limited to employees of the Hospital, either as to the Metro shuttle or the Satellite Parking shuttle. Accordingly, this agreement is not eligible under Regulation No. 70. Nevertheless, ILS holds WMATC Certificate No. 38 which does authorize services such as those proposed herein. Thus, applicant requires only approval of its proposed tariff to implement the proposed services.

We have examined applicant's financial data and considered the impact of the proposed new service on applicant. We shall approve the proposed tariff and grant permission for it to become effective on less than 30 days notice.

THEREFORE, IT IS ORDERED that WMATC Tariff No. 12, Supplement No. 1, of International Limousine Service, Inc., filed May 2, 1988, is hereby approved to become effective as soon as practicable after the date of service of this order, but not later than June 1, 1988.
